Hotel Requirements & Diamond Guidelines

Professional On-Site Inspections Since 1937
Introduction

Dear Hospitality Professional,

We are pleased to announce the transformation of our expert-based AAA Diamond Ratings Program to the new AAA Diamond Program. Our goal is to increase the relevance and value of the Diamonds for travelers and property operators.

With the launch of our redesigned program, effective first quarter 2020, AAA offers an updated model to guide hotel and restaurant selection:

- Since 1937, AAA inspectors have been influencing the hospitality industry, recognizing consumer expectations and approving only the best places to stay and dine. These essential elements remain.
- However, our inspection criteria and processes, which we've continually evolved to fit the market, are newly updated to reflect current industry trends and member experience factors.

Our research shows consumers are confused by the glut of user reviews in a role previously filled by professional ratings. While the AAA Diamonds have always conveyed what properties offer based on comprehensive inspections, the term rating has come to mean how much users like a property based on their personal experiences. To distinguish the two, we reframed the Diamonds as “designations” instead of “ratings.”

To reinforce each designation as a standalone identity, and to increase their impact for travelers and properties that want to promote their association with AAA, we replaced the one-to-five Diamond icons with single-Diamond icons.

As always, only hotels and restaurants that pass our rigorous annual on-site inspections receive AAA’s endorsement: the AAA Diamond Hotel or AAA Diamond Restaurant window decal.

Subsequently, every AAA Diamond hotel and restaurant receives a specific Diamond designation:

- The new Three, Four and Five Diamond designations recognize clearly differentiated properties that meet comprehensive Diamond Guidelines.
- And the new “Approved” Diamond designation elevates the accomplishment of passing AAA inspection.

With these changes, combined with significant and sustained visibility, we believe the AAA Diamond Program will remain the traveler’s trusted choice for advice on selecting hotels and restaurants.

To that end, we look forward to working with you to implement the new requirements and guidelines to better serve you, travelers and the industry. We appreciate your participation in the AAA Diamond Program along with your continued service to our members.

AAA INSPECTORS: THE TRAVEL EXPERTS

When AAA inspectors enter properties across North America – unscheduled and requesting prompt access to guest rooms – good things follow. That’s because, for more than 80 years, AAA has represented the gold standard for hotel and restaurant inspections.

Long before there were websites, social networks and consumer reviews to help travelers find a clean lodging and a good meal, AAA inspectors were looking under beds and tasting the meatloaf all along North America’s roadways. Since 1937, AAA has been conducting on-site evaluations and publishing the results to help members make informed travel decisions. AAA attributes this longevity to a system so reliable it benefits industry as much as travelers – plus a team of highly trained, full-time inspectors with extensive industry experience.
Unlike many rating providers, AAA excludes substandard properties. Only good options are AAA Diamond properties, so members can focus on the fit... and that’s where the AAA Diamond Program comes in.

The Diamond designation lets travelers know what to expect. Sometimes a good night’s sleep or a simple meal is all that’s needed. Other times the facilities, ambience and services are essential to the experience. Each Diamond designation describes a different type of experience.

The guidelines inspectors apply follow a progression based on what’s typical across the industry, with increased expectations at each designation. The attributes are weighted based on member priorities - and the collective result is a highly reliable way of categorizing. Travelers can use the quick-glance AAA Inspector designations or take in the full picture with the wealth of descriptive details also provided.

How do properties benefit from such scrutiny? They have the assurance of published, regularly calibrated AAA Diamond Program requirements and Diamond Guidelines – and an opportunity for immediate face time with inspectors to discuss the results, market trends and potential property changes.

Once designations are confirmed, hotels and restaurants are added to AAA’s database for listing in travel information and trip planning tools. This means exposure to over 60 million AAA/CAA members in the resources they use to make travel planning and buying decisions – and eligibility for logo licensing and advertising programs for increased visibility and reach.

THE INSPECTION PROCESS

The inspection process includes three parts:

1. **Apply for an inspection** using the form available at [AAA.biz/Diamonds](http://AAA.biz/Diamonds).
2. **Fulfill AAA Diamond Program requirements** and receive the AAA Diamond designation.
3. **Achieve your AAA Diamond designation** calculated from objective scores recorded during the inspection and subjective elements based on the inspector’s professional experience and training.

PART 1: APPLY FOR AN INSPECTION

By applying for – and/or consenting to – an inspection, you agree to allow AAA to publish your property information and the respective Diamond designation in our digital and printed travel information. Currently listed establishments need not reapply, as our inspectors routinely reassess AAA Diamond properties.

To expedite the application process, we suggest the following approach:

- **Verify your property’s eligibility** by reviewing the AAA Diamond Program requirements. Properties must meet all Diamond Program requirements to be valid applicants.
- **Complete and submit the Hotel Inspection Application (pdf).**
- **Complete and submit the Hotel Application Processing Fee Form (pdf).** The nonrefundable application processing fee helps offset the costs of validating property information; it does not guarantee an inspection or influence the outcome.

Important notes:

- If our records indicate past disqualifying issues, you may be asked to provide written documentation and receipts of the corrective action taken since then.
- AAA does not guarantee an immediate inspection of all properties that apply, and we reserve the right to apply priority consideration to those demonstrating the highest degree of AAA member value according to the following criteria:
  - PREFERRED LOCATION
  - NEWLY BUILT / RENOVATED
  - REPUTATION
  - HIGH DEGREE OF CLEANLINESS AND COMFORT
  - APPROPRIATELY MAINTAINED CONDITIONS
- We will provide written notice of your application status as soon as possible after completing our review.
- If your property is selected for inspection, the unannounced visit will occur within one year of the application date as we have an inspector available in your area.
- Basic listings in AAA travel products are provided without charge to AAA Diamond properties and those designated as FYIs.

For more information, review our [Applications FAQ](http://Applications FAQ).
**What to Expect During the AAA On-Site Inspection**

**Introduction, Interview**
On arrival (unannounced), the AAA inspector will speak with a property representative for a brief, but extremely important, interview to:
- Collect factual information for potential use in AAA travel products.
- Be advised by you of any recent changes and/or plans for improvement.
- Answer your questions.

**Property Assessment**
Following the interview, the inspector will request a tour of all public areas and a cross section of guest rooms.

We strongly encourage owner/management and key personnel to participate during the inspection as our inspector will point out strengths and weaknesses of your property as appropriate*.

*This valuable, no-cost dialogue is unique to the AAA inspection process.

**PROPERTIES MUST MEET ALL AAA DIAMOND PROGRAM REQUIREMENTS BEFORE DESIGNATION FACTORS ARE ASSESSED.**

**Assessment Summary**
If a property meets all AAA Diamond Program requirements, the inspector will recommend a Diamond designation based on the points assigned to public areas, guest rooms and bathrooms as noted at the time of the inspection. The property will also receive a AAA Diamond Hotel decal at the conclusion of the evaluation to affix in a visible property location. Additionally, we will provide you a AAA Inspection Summary by email which includes your property’s status and the Diamond designation (if applicable)*.

*This valuable information is unique to the AAA inspection process. Additional inspection detail is available for a small fee by request. Visit AAA.biz/Diamonds.

For more information, review our [Inspections FAQ](#).
PART 2: FULFILL AAA DIAMOND PROGRAM REQUIREMENTS

AAA DIAMOND PROGRAM REQUIREMENTS REFLECT THE MINIMUM ACCEPTABLE STANDARDS AS ESTABLISHED THROUGH MEMBER FEEDBACK. *This research is unique to the AAA inspection process.

To be designated as a AAA Diamond property, an establishment must pass inspection by meeting the following requirements:

Cleanliness and Condition
1. All facilities associated with a property are clean and well maintained throughout.
2. At a minimum, each guest unit is thoroughly cleaned, with complete bed and bath linens changed between guest stays.
3. Basic housekeeping services and supplies are available on request.
4. All indoor areas are properly heated, air-conditioned and/or ventilated to ensure guest comfort.

Management and Style of Operation
Businesses will:
5. Provide AAA/CAA members value in all aspects of operation.
6. Cater primarily to transient rather than residential guests, with four or more private units available for AAA/CAA members.
7. Maintain compliance with all local, state and federal codes.

Owners/Operators will:
8. Assist AAA in the resolution of AAA/CAA member complaints.
9. Accommodate unannounced AAA property inspections within 20 minutes of notice.
10. Conduct business in a professional and ethical manner — providing attentive, conscientious service to guests.
11. Place AAA/CAA members in AAA inspected guest units only. Overflow buildings or guest units associated with the property, but not inspected by AAA, are not acceptable accommodations.
12. Provide a responsible representative readily accessible at all times to address guest needs or requests.
13. Provide guests 24-hour access to communications for emergency or critical information.

Owners/Operators will not:
14. Use AAA branding (logo, Diamond designations, badges) without AAA's explicit permission.

Exterior and Public Areas
Businesses will have:
15. Accurate, legible signage in appropriate areas (e.g., entry, corridors, walkways, stairways, landings, parking areas).
16. Good illumination in all public areas (e.g., entry, corridors, walkways, stairways, landings, parking areas).
17. Procedures in place to ensure all facilities associated with a property and provided for guest use (e.g., restaurant, health club, gift shop, recreational facilities) meet all appropriate AAA Diamond Program requirements.

Guest Rooms
Each guest unit will have:
18. A clean and comfortable bed with a mattress pad, two sheets, two pillows with pillowcases, and an appropriate bed covering.
19. A nightstand or equivalent by each bed, a chair, a waste container, drawers/shelving and a clothes-hanging area.
20. Adequate shades, drapes, blinds or treatments to cover all windows or other transparent areas to provide guest privacy.
21. An adequate level of soundproofing to muffle exterior sounds.
22. An active light switch at the main entry.
23. Good overall illumination to include direct lighting at a chair, stationary writing surface (if present) and at each bed.
24. Exterior/hallway facing door(s) equipped with a functional primary lock and a secondary deadbolt lock.

**Primary lock** is a keyed mechanism that allows the door to be locked from the outside. Passkeys are strictly controlled and available only to recognized guests and essential associates for routine room access (e.g., management, housekeeping/maintenance staff, security).

**Secondary lock** is a mortised, deadbolt-locking mechanism with a one-inch throw extending from the edge of the door into the door frame. This extra device affords guests a certain level of privacy. Unlike the primary lock passkeys, master keys for secondary locks are available only to essential associates and only for emergency purposes (e.g., management or security).

**Secondary Lock Variances**
In certain instances, the requirement for secondary locks may be modified to allow exceptions or provide increased guest security. The most common are noted below. AAA claims the right of final arbitrator in all decisions related to locks.

**Sliding Glass Doors** – Each sliding door must be equipped with an effective locking device. An effective secondary security lock is required on all ground-floor doors and those accessible from common walkways and adjoining balconies.

**French Doors** – In addition to the deadbolt lock, surface-mounted slide bolts must be installed at the top and bottom to secure the stationary/auxiliary door. These bolts must extend into the upper doorframe and the lower doorframe or floor and must be strong and sturdy mechanisms.

25. Working deadbolt lock(s) on each door to connecting guest units or maintenance corridors.
26. A viewport or window (convenient to the door) for each entry door.
27. A working lock for each window in a ground floor unit.

**Guest Bathrooms**
*Each guest unit will have:*
29. A private bathroom solely dedicated for use by the guest(s).
30. A toilet, sink with adequate shelf space, mirror, convenient electrical outlet and a tub/shower with a non-slip surface.
31. Good overall illumination to include direct lighting at the mirror(s).
32. Two bath towels, two hand towels, two face cloths and two cups/glasses.
33. Toilet tissue, a cloth bath mat, and two bars of soap or equivalent.
34. Non-porous surfaces (e.g., floors, walls, baseboards) in all toilet areas.

**AAA DIAMOND PROGRAM REQUIREMENTS AND DIAMOND GUIDELINES - WHAT'S THE DIFFERENCE?**

AAA’s Diamond Program comprises two distinct components. The **Diamond Program requirements** are uncompromising, mandatory standards that result in one of two outcomes: achieving a AAA Diamond designation or not. The **Diamond Guidelines**, applied only to properties that meet the Diamond Program requirements, are somewhat flexible. The overall designation is based on a prevalence of expected attributes and the inspector’s professional judgment in the context of thousands of property inspections.

**Properties must meet all AAA Diamond Program requirements to be designated as a AAA Diamond property.**
Diamond Program requirements are common-sense qualifications AAA/CAA members say are essential to their satisfaction and professional operators routinely seek to achieve.

**Properties must meet most AAA Diamond Guidelines for a particular designation to be assigned that Diamond designation.**
The Diamond Guidelines reflect attributes typically — but not universally — observed throughout a lodging industry segment. Therefore, the lack of some components listed for a Diamond designation does not necessarily preclude the achievement of that designation. During evaluations, inspectors assess each attribute of the property and assign the most appropriate designation that will provide the best match in meeting AAA member expectations.

**Not all guidelines apply to all property types.** For example, a swimming pool is not expected at a bed and breakfast, but is essential at a resort hotel. Additionally, downtown hotels may lack extensive landscaping features in comparison to what is typical in more rural locations. AAA inspectors apply only those Diamond Guidelines applicable for the property classification.
PART 3: ACHIEVE YOUR AAA DIAMOND DESIGNATION

AAA DIAMOND PROGRAM

AAA DIAMOND DESIGNATIONS FOR HOTELS REPRESENT A COMBINATION OF THE OVERALL QUALITY, RANGE OF FACILITIES, AND LEVEL OF HOSPITALITY OFFERED BY A PROPERTY. The widely recognized and trusted AAA Diamond designations help members choose hotels that will meet their needs and expectations.

AAA's Diamond Guidelines indicate what is typically found at each designation level — from simple economy to highly personalized luxury. The Diamond designation is determined based on a compilation of all property characteristics, with a focus on the overall guest experience rather than on individual elements. While properties at the same Diamond designation may have variations in the attributes offered, a predominance of characteristics drives the Diamond designation.

The inspector’s Diamond designation recommendation is based on both the Diamond Guidelines and professional judgment — an essential component of the assessment. Our inspectors are North America’s travel experts, immersed in the hospitality industry on a daily basis as they conduct more than 29,000 hotel inspections per year.

What the Diamond designations mean:

- **Approved**
  Noteworthy by meeting the industry-leading standards of AAA inspections.

- **Three Diamond**
  Comprehensive amenities, style and comfort level.

- **Four Diamond**
  Upscale style and amenities enhanced with the right touch of service.

- **Five Diamond**
  World-class luxury, amenities and indulgence for a once-in-a-lifetime experience.
Glossary

When you see the following terms used in the following Diamond Guidelines pages, please refer back to this page for more information.

- **Connective Technology/Connectivity** – The integration of technology and information systems that allow guests and hotel operators to interact effectively.

- **Decorative** – Obvious ornamental embellishment with attractive results.

- **e.g.** – For example. Items following are only examples of what is typical and should not be interpreted as a required appointment.

- **Leading Edge** – Most advanced in their profession; luxuriant, luxury materials, highly fashionable/grand design and functionality working in sync to provide a sumptuous level of comfort.

- **Luxurious** – Characterized by opulence, sumptuousness, or rich abundance; extremely comfortable, elegant or enjoyable.

- **Modest/Modestly Enhanced** – More than basic; slight enhancement; limited in size or scope.

- **Upscale** – Obviously high grade; upmarket, luxurious feel; cohesive designs; not just the latest trend.

Key Notes:

- **Additional Impressions** – All areas may be subject to point additions/subtractions related to key member experience factors pertaining to comfort, design and layout, or other unique features. Note: AAA/CAA members express significant dissatisfaction with additional non-use fees (e.g., “resort fees”, safes, microwaves, refrigerators, etc.). Free and effective internet bandwidth within the guest room is also a typical guest expectation.

- **Additional Features** – Some features and amenities (recreation facilities, microwaves, coffeemakers, iron, etc.) are not measured on a Diamond scale, but are factored into the overall property designation based on availability and/or general quality according to AAA member expectations for the designation level.

- **Exceptions** – Not all of the Diamond Guidelines will apply to all property types. AAA inspectors will only use the sections of the Diamond Guidelines that are appropriate for the property classification in assessing the overall Diamond designation. If an attribute exists at the property, it will be measured accordingly.

**Additional Guest Impressions and Features**

The following items are not assigned a Diamond designation, but are factored into the overall assessment of the bathroom.

**Overall Impression** – The overall aesthetic impression of the design and functionality.

**Comfort** – The degree to which design and functionality contributes to physical ease and well-being.

**Other** – Unique attributes or other standout features or experiences.
AAA Four & Five Diamond Designations

These prestigious designations are achieved by a small percentage of all AAA Diamond properties — typically the most luxurious and pampering properties throughout North America. Less than one-half of one percent of AAA Diamond hotels receive the Five Diamond designation, while only six percent receive the Four Diamond designation. Establishments at these Diamond designations must consistently reflect upscale and extraordinary characteristics in their physical attributes and guest services.

Four & Five Diamond Service Expectations

AAA FOUR DIAMOND PROPERTIES

Properties identified by AAA as potential candidates for the Four Diamond designation must employ competent, full-time personnel and systems to provide guests with a comprehensive level of hospitality. Key guest service interaction points are:
- Phone Operations
- Arrival and Departure
- Check In/Out
- Luggage Assistance
- Room Delivery
- Housekeeping
- General / Concierge Services

AAA FIVE DIAMOND PROPERTIES

Properties identified by AAA as potential candidates for the Five Diamond designation undergo multiple unannounced evaluations by a AAA inspector and a final decision by a panel of experts. Properties that receive the Five Diamond designation are subject to rigorous on-site assessments of all guest service areas. Each section is assigned a point value based on the overall levels of competency, refinement and hospitality.
AAA Hospitality Standards

THE LISTING

Once a property is included in the AAA Diamond Program, we use factual property information and descriptive details to create hotel listings in AAA travel information products. Basic listings do not contain advertising or promotional verbiage, and are published at no cost to the establishment.

While you provide the objective information contained in hotel listings, the descriptive narrative is composed by AAA experts to convey key property components to guide AAA/CAA members. All listing information is updated annually, and establishments are contacted accordingly. Failure to provide information in a timely manner may result in the removal of your property from our products.

AAA Hotel Listings: Rich in Inspection Details

Foremost in your listings across AAA travel information products is your AAA Inspector Designation, which conveys the type of experience you provide.

In the AAA Travel Guides and TripTik Travel Planner on AAA.com, additional inspection details provide deeper insight to guide decision-making.

AAA Inspector Designation Details are your actual overall, room, bath and public areas inspection scores.

AAA Inspector’s Best Of Badges recognize exceptional achievements or offerings in areas members consider when choosing hotels.

AAA Inspector Notes provide descriptive details, tips and insight on attributes that distinguish your hotel.
ALIGNING HOTEL STRENGTHS WITH MEMBER PRIORITIES

AAA determines a property’s eligibility for one or more badges using the objective and subjective criteria below. Hotels are not notified as badges are added or removed since changes occur any time as a result of ongoing inspections and member feedback. The badges provide real-time information to help meet member priorities.

Hotels that earned cleanliness and condition scores in the top 25% of all AAA Diamond hotels for the last two inspections.

Hotels that earned an overall inspection score in the top 20% for hotels with this Diamond designation.

Hotels identified by inspectors for remarkable offerings in one of these areas:

- Family-Friendly
- Landscape
- Location
- Meetings/Events
- Personal Favorite
- Pet-Friendly
- Pool
- Recreation
- Romantic
- Scenic View
- Social Scene
- Spa
- Value
- Wow Effect
Eligibility Criteria for Separate Hotel Listing (Dual-branded development)
AAA only provides separate listings for areas or sections of a property that provide clearly differentiated member experiences. The distinct sections may be located at the same property, in the surrounding complex or at a contiguous structure. The following criteria are applied to determine if a hotel is eligible for separate listing consideration. If applicable, qualified entities are each assigned their own Diamond designation based on the guidelines outlined on pages 13-38.

### ELIGIBILITY CRITERIA FOR SEPARATE HOTEL LISTING

A property must clearly qualify as a distinct and separate entity. The following examples are NOT eligible for separate listings:
- Concierge levels that offer upgraded amenities and sometimes a higher level of service.
- Property sections or buildings that are separate but not clearly differentiated.
- Exclusive sections of a property that require additional guest membership qualifications and, therefore, are not readily available for use by all AAA/CAA members.

### FYI Designation

This designation identifies properties that are notable and offer potential member value but have not been inspected or Diamond designated due to one of the following reasons:
- Too new to evaluate.
- Under construction.
- Undergoing extensive renovations.
- Has not been inspected.
- Does not meet all AAA Diamond Program requirements but provides members a highly distinct and valuable experience.
CLASSIFICATIONS

ALL DIAMOND DESIGNATED PROPERTIES ARE CLASSIFIED BASED ON THE STYLE OF OPERATION. CLASSIFICATIONS MAY BE PRECEDED BY ONE OR MORE SUBCLASSIFICATIONS IF APPLICABLE:

**Bed and Breakfast:** Typically owner-operated with extensive personal touches. Guests are encouraged to interact during evening and breakfast hours. A continental or full, hot breakfast is included in the room rate.

**Cabin:** Often located in wooded, rural or waterfront locations. Freestanding units are typically rustic and of basic design. Essential cleaning supplies, kitchen utensils and complete bed and bath linens are supplied.

**Condominium:** Apartment-style accommodations of varying design or décor. Units often contain one or more bedrooms, a living room, a full kitchen and an eating area. Essential cleaning supplies, kitchen utensils and complete bed and bath linens are supplied.

**Cottage:** Often located in wooded, rural or waterfront locations. Freestanding units are typically home-style in design and décor. Essential cleaning supplies, kitchen utensils and complete bed and bath linens are supplied.

**Country Inn:** Although similar in definition to a bed and breakfast, country inns are usually larger in scale with spacious public areas and offer a dining facility that serves breakfast and dinner.

**Hotel:** Typically a multistory property with interior room entrances and a variety of guest unit styles. The magnitude of the public areas is determined by the overall theme, location and service level, but may include a variety of facilities such as a restaurant, shops, a fitness center, a spa, a business center and meeting rooms.

**House:** Freestanding units of varying home-style design. Often containing two or more bedrooms, a living room, a full kitchen, a dining room and multiple bathrooms. Essential cleaning supplies, kitchen utensils and complete bed and bath linens are supplied.

**Motel:** A one- or two-story establishment with exterior room entrances and drive up parking. Public areas and facilities are often limited in size and/or availability.

**Ranch:** Typically a working ranch featuring an obvious rustic, Western theme, equestrian-related activities and a variety of guest unit styles.

SUBCLASSIFICATIONS (IF APPLICABLE):

**Boutique:** Often thematic, typically informal yet highly personalized; may have a luxurious or quirky style that is fashionable or unique.

**Casino:** Offers extensive gambling activities, such as blackjack, craps, keno and slot machines.

**Classic:** Renowned and landmark properties, older than 50 years, well known for their unique style and ambience.

**Contemporary:** Overall theme reflects characteristics of minimalist trends with clean, architectural lines and an open-space feel. Black, white and bold, saturated colors are typical.

**Extended Stay:** Offers a predominance of long-term accommodations with a designated full-service kitchen area in each unit.
Historic: Over 75 years old with one of the following documented historical features:
- Maintains the integrity of its historical nature
- Listed on the National Register of Historic Places
- Designated a National Historic Landmark or located in a National Register Historic District

Resort: Extensive recreational facilities and programs may include golf, tennis, skiing, fishing, water sports, spa treatments or professionally guided activities.

Vacation Rental: Typically houses, condominiums, cottages or cabins; these properties are “home away from home” self-catering accommodations.

Accessibility

Accessible Features Icon
Denotes a property that has some accessible features. It may be fully accessible, semi-accessible, or meet some of the needs of hearing-impaired individuals.

Accessibility is not a AAA Diamond Program requirement and will not affect your Diamond designation. However, we strongly encourage you to make every effort to meet the needs of all your guests – including mature travelers and those with disabilities.

MEMBER COMMENT PROCEDURES

AAA MEMBER RELATIONS CLOSELY MONITORS THE NUMBER AND TYPE OF COMMENTS SUBMITTED ABOUT AAA INSPECTED PROPERTIES. All comments are carefully reviewed for validity and included as part of the property record.

If complaints are received, AAA will notify the property and provide an opportunity to resolve the matter in a reasonable period of time. If a member complaint is determined to be of an extreme nature, AAA may act to remove a property’s AAA designation and listing immediately.

If your property no longer meets AAA Diamond Program requirements because of member complaints, you may submit a written request for re-inspection one year from the date of last inspection. The request should include an explanation of actions taken to limit future complaints and be addressed to:

THE AAA APPEALS PROCESS

THE APPEALS PROCESS IS A RESOURCE FOR ALL INSPECTED PROPERTIES.

What can I appeal?
You may appeal your property’s AAA Diamond Program status or Diamond designation. Each situation is handled on an individual basis.

What is the process to file an appeal?
Before you file an appeal, please contact AAA Customer Service to discuss your questions or concerns. An analyst may be able to answer your questions immediately or, if additional information or discussion is needed, will direct you to the AAA Diamond Program regional manager of inspections for your area.

If an issue remains unresolved after the above steps, you may choose to present relevant information to the AAA Appeals Committee for objective review. All appeals must be submitted by property owners/operators in writing to the address below. You may include pictures, documents or other pertinent materials to support the appeal. To expedite review, please outline the specific concerns in a succinct manner. Each appeal is thoroughly researched and given thoughtful consideration and a substantive reply by the committee. The committee’s decision on your appeal is considered as AAA’s final response. You will be notified as to the status of your appeal within 45 days of receipt of your written statement.

AAA supports environmental management and sustainability throughout the lodging industry to the extent that truly effective programs maintain quality standards of guest comfort. We strongly encourage continued use of programs that offer guests choices without negative consequences for noncompliance. Effective green programs are intended to reduce waste without reducing guest comfort.

In AAA travel information products, lodgings certified by approved green programs are identified with an ECO icon in their listing.

AAA is not involved in the evaluation or certification of a property’s environmental practices but does regularly review requirements and best practices related to the most reputable sustainable programs.

A HISTORY OF SERVICE

In 1937 to provide improved travel information for members, AAA employed its first inspectors, called field reporters, to personally visit and report on hotels and restaurants. This information was made available to members in the three regional TourBook guides published at that time. Today, AAA’s professionally trained inspectors continue this practice as they inspect and assess more than 59,000 hotels and restaurants to help travelers enjoy a positive experience.
